News Of The World

In condensed form for busy readers

It is reported that uncertainty and misunderstanding exists as to the date of Thanksgiving Day. Monday, October 13, has been set by the Dominion Govt. as the holiday this year.

Motion has been presented to the Govt. to have Armistice day, Nov. 11, a perpetual thanks givingday, but no action has yet been taken.

Omaha, Neb. In an unsuccessful attempt to prevent the lynching of a negro, Edward Smith, Mayor of Omaha, was twice nearly hung by the irate mob. The negro was hung after the mayor was in hospital.

Irma, Alta. A branch of the G.W.V. has now been formed at this point.

London. Eng. Adelina Patti, Prima-donna, died in Wales on September 27th, leaving an estate valued at 3 million.

To Prevent Un-employment

Next year will be well advanced before Canada's main expenditures for war, can be completed. Every dollar that can be raised for the Victory Loan for 1919 will be required.

Although hostilities ceased in 1918 the war expenses went on.

This is just as much a war year as last year was, as far as the money is concerned. Pressing liabilities incurred by the war and involving vast sums of money have to be cared for. The simplest and most profitable manner in which this can be done is for the people to provide the money themselves.

The Victory loan 1919 is entitled to just as much consideration as was given its predecessors. It is up to every loyal Canadian to do his utmost to make the new loan an overwhelming success. The continuance of the prosperity of the nation is wholly dependent upon it.

It was naturally to be expected that trade depression in the Dominion would have followed the armistice but this was averted by the application of a large proportion of the last Victory Loan as credits to Great Britain and our Allies for Grain, dairy produce, fish, lumber and ships. These credits were absolutely necessary, and strictly good business. They must be continued. They are national re-investments. The debts will be paid eventually and in the meantime industrial and agricultural workers will be kept in busy and lucrative employment.

Chautauqua Committee for Monitor Is Formed

The local Chautauqua committee held an enthusiastic meeting last Tuesday evening, when Miss Cummings, of Calgary was present and gave an outline of the work required in making our 3 day chautauqua a success.

The following progressive members of our community were elected to office:-

Chairman R. P. Thompson
Sec-Treas. L. O. Gould
Ticket Committee. Messrs. J L. West, P. Moth, J. Ehlinger.
Advertising com. Messrs. M. A. Vanhorn, R. N. Lay, J.A. Hayes
Arrangements Committee, Msrs C. B. Horsch, A. J. Deadmarsh D. Vosburgh.

In a day or so the programs will be issued and the season tickets placed on sale.

CURLING CLUB ORGANIZED FOR 1919-20 SEASON

A well attended meeting of Monitor Curling Club was held in the Hotel parlor last Wednesday evening, when the annual election of officers took place, and plans for the repairing, heating and lighting of the rink discussed in detail. Arrangements were made whereby the rink will be in splendid shape for the seasons' sport

The following officers were elected for the year:-

Patrons
W. J. Blair W. W. Wilson
President R. P. Thompson
Vice-President A. Todd
Sec-Treasurer J. A. Hayes
Chaplain Rev. Wickenden
Executive. Messrs. Horsch, VanHorn, Deadmarsh, Larder and Warner.

G. W. V. A. NOTES

The Regular Meeting of Monitor G. W. V. A., will be held on Sat'day, October 11th at 4 p.m.

At this meeting, arrangements will be made for holding a dance on Armistice Day, November 11th.

Proportional Representation

The action of the recent Industrial Conference held at Ottawa in unanimously endorsing the principle of proportional representation, and asking the Dominion Government to take the necessary steps to study the question, with a view to its application in elections in this country, coupled with announcement that the Government had decided upon such a course, brings appreciably nearer the day when this reform in the electoral machinery of Canada will become an accomplished fact.

The principle of proportional representation has now been approved by such large and influential bodies as the Canadian Council of Agriculture, representing the organized farmers of Canada; the Great War Veterans' Association; the National Liberal convention at Ottawa last August, the Labor party, Social Service Councils, and numerous other smaller organizations. The Speaker's Electoral Reform Conference of the British Parliament has reported in favor of the application of P.R. to certain classes of constituencies; it has been incorporated in the constitution of the new German republic; is already in operation in Belgium, Tasmania and other countries, and has been tested with complete satisfaction and success in municipal elections in the British Isles, and also in the Universities elections for the British House of Commons.

Nevertheless, we venture to say that if the average Canadian was asked to explain what proportional representation means, and how it operates, he would be hard put to it to give an intelligent answer. And it may as well be frankly admitted that it is not an easy matter to explain in a short article, especially to those who have our present system of election of representatives to parliament, legislatures and municipal councils by bare majority vote firmly fixed in their minds. However, in view of the fact that proportional reprcsentation is now a live issue in this country, it is well that an attempt, at least, should be made to explain this new system, its method, and the results which are sought to be attained by it, even though such an attempt may necessitate a series of two or three articles.

The aim and object of our electoral machinery should be to secure justice and freedom to all citizens, whether in a majority or a minority, to the end that they may be fairly represented in parliament, and also that they should have the widest possible choice in electing those who are to speak for them in parliament. Edmund Burke said that the virtue of the House of Commons "consists in its being the express image of the nation." If it is not that, it quickly loses the confidence of the people, and with that confidence the authority it should possess to speak and act for the people.

It must be frankly admitted that our present system of one-member constituencies—and that one member elected by a bare majority of votes cast over the next highest candidate—does not secure to the people a truly representative parliament. For example, in the Dominion general elections of 1904, the Liberals in Nova Scotia polled 56,526 votes and elected 18 members, while the Conservatives, who polled 46,131 votes, did not elect a single member. Public opinion in Nova Scotia was not truly represented in parliament.

In the British Columbia provincial elections of 1912, although the Liberals polled about 37 per cent. of the total vote, they failed to elect a single representative, the result being there was no opposition party in the legislature to act as critic of and a check upon the Government. In the following election, the situation was almost reversed, the Liberals winning on overwhelming victory, nearly every Conservative minister being defeated, and the opposition elected so small in numbers as to be almost ineffective.

In other words, minorities under the present system are almost entirely unrepresented—a fatal defect in any true system of responsible, representative government. Proportional representation aims to correct these inequalities and give the nearest possible approach to "one vote, one value."

An essential feature of any proportional scheme that will yield the most satisfactory results is the creation of constituencies returning several members, instead of the present system of one-member constituencies. Proportional reprcsentation can be applied to one-member constituencies, but not with the same beneficial results which three, four or five-member constituencies will produce. Under proportional representation, therefore, the city of Montreal, instead of being divided into some ten one-member constituencies, would constitute one electoral district which would elect 10 members. The same thing would be true of Toronto, Winnipeg and other large centres. In these centres, whereas under the existing system it is next to impossible for the working men to secure the election of a representative, their combined vote would secure to them their proportional representation from the city as a whole. What is true in the case of Labor, will be true so far as returned soldiers, prohibitionists, independents, and other minority groups are concerned. They would be able to secure representation in proportion to their strength.

In these Western Provinces, instead of Manitoba being divided into fifteen one-member constituencies, Saskatchewan into sixteen such constituencies, and Alberta into twelve constituencies would be grouped, and while the same number of men would be elected, they would be chosen from larger geographical divisions, each electing several members, thus providing that any one minority school of thought in each of the present one-member constituencies could by their combined vote secure the election of at least a representative among the number elected in the larger electoral division.

(In the next issue an endeavor will be made to explain the method of voting and election under proportional representation.)

Minard's Liniment Relieves Neuralgia.

It is easier for a girl to believe a man who tells her she is pretty than it is for him to tell her.

A safe and sure medicine for a child troubled with worms is Mother Graves' Worm Exterminator.

If a man calls on a woman she is pleased — either when he comes or goes.

A MOTHER'S TRIALS

Care of Home and Children Often Causes a Breakdown

The woman at home, deep in household duties and the cares of motherhood, needs occasional help to keep her in good health. The demands upon a mother's health are many and severe. Her own health trials and her children's welfare exact heavy toils, while hurried meals, broken rest and much indoor living tend to weaken her constitution. No wonder that the woman at home is often indisposed through weakness; headaches, backaches and nervousness. Too many women have grown to accept these visitations as a part of the lot of motherhood. But many a varied as her health troubles are, the cause is simple and the cure is at hand. When well, it is the woman's good blood that keeps her well; when ill she must make her blood rich to renew her health. The nursing mother more than any other woman in the world needs rich blood and plenty of it. There is one always unfailing way to get this good blood so necessary to perfect health, and that is through the use of Dr. Williams' Pink Pills. These pills make new blood abundantly, and through their use thousands of weak, ailing wives and mothers have been made bright, cheerful and strong. If you are ailing, easily tired, or depressed, it is a duty you owe yourself and your family to give Dr. Williams' Pink Pills a fair trial. What this medicine has done for others it will surely do for you.

One of the numerous superstitions of the Italian peasantry is that rows of teeth hung round the necks of little children will assist them in teething.

Cure That Cough Today —Without Medicine

Easily Done By Breathing In the Healing Fumes of Catarrhozone

No medicine brings such prompt relief, exerts such an invigorating influence, or so thoroughly and speedily cures throat troubles as "Catarrhozone." Doctors, hospitals, sanitariums—all say that for those who suffer from changeable weather, for those who are predisposed to catarrh, lung trouble, deafness, or bronchitis, no treatment is so indispensable as "Catarrhozone."

For certain cure, for relief in an hour, use Catarrhozone, the only direct, breathable medicine. Two months' treatment guaranteed, price $1; smaller size 50c, sample size 25c; at all dealers everywhere.

The Farmer Makes Good

Without any security but the Prime Minister's word, the farmers ploughed up their pasture and embarked their scanty capital in tillage. In doing so they risked everything for a nation that had utterly neglected them before the war. They showed that the British farmer was a good farmer and a good agriculturist. For years the townsman had ignorantly laughed at the farmer as a fellow without ideas and without enterprise, yet in the short space of four years that same farmer, short handed as he was, had so increased the acreage under wheat as to save the situation.—London Morning Post.

Calls Russian Assembly

Omsk.—Admiral Kolchak, head of the all-Russian Government, has issued a proclamation calling for an assembly of the Zemstvos of the all-Russian territory.

The assembly will be held at the end of October.

Settlers for Western Canada

Settlers are coming into Western Canada twice as fast as last year, according to immigration reports. The number entering Canada between Port Arthur and Kingsgate, B.C., was 2,537 last month, as compared with 1,898 in August, 1918.

Remember the Date----
October 20-22
National Educational Conference
at Winnipeg
PROMINENT SPEAKERS---LIVE SUBJECTS

In advance of the definite program in the form in which it will be issued at the time of the Conference, the Convening Committee announces that the following items are definitely assured:

1—Salutatory Addresses—By His Excellency the Governor-General of Canada, Sir James Aikins, Lieutenant-Governor of Manitoba, and His Worship C. F. Gray, Winnipeg.
2—"The Lessons of the War for Canadian Education," Hon. Dr. Cody, Minister of Education, Ontario.
3—"The School and the Development of Moral Purpose," Dr. Theodore Soares, Professor of Religious Education, University of Chicago.
4—"The Development of a National Character Through Education," Sir Robert Falconer, President University of Toronto.
5—"The Essential Factors of Education," Dr. Helen MacMurchy, Ontario Department of Education.
6—"The Boy Scout Movement as an Auxiliary to the School in Moral Training," Dr. James W. Robertson, Dominion Commissioner of the Boy Scouts.
7—"Methods and Ideals of the Canadian Standard Efficiency Training Groups," Taylor Statten, National Secretary Boys' Work Department of the Y.M.C.A.
8—"The Function of the Public School in Character Formation," Dr. J. F. White, Principal Ottawa Normal School.
9—"Education and Reconstruction," Peter Wright, British Seaman's Union.
10—"The Basis of Moral Teaching," Michael O'Brien, Toronto, Ont.
11—"The School and Industrial Relationships," Dr. Suzzallo, President University of Washington.
12—"The School and Democracy," President John H. Finley, Commissioner of Education for the State of New York, Albany, N.Y.
13—"The School and the Newer Citizens of Canada," Dr. J. T. M. Anderson, Director of Education among New Canadians, Regina, Sask.
14—"The Interest of the State in Character Education," Dr. Milton Fairchild, Washington, D.C.

The task of initiating discussions has been assigned to persons representative of all parts of Canada. Among those definitely secured at this date in this connection are:

Dr. Clarence McKinnon, Principal Pine Hill College, Halifax, N.S.; Prof. H. T. J. Coleman, Dean of Faculty of Education, Queen's University, Kingston, Ont.; J. E. Tompkins, Esq., Vice-President University of St. Francis Xavier's College, Antigonish, N.S.; Very Rev. Dean Llywdd, All Saints' Cathedral, Halifax, N.S.; Dr. H. F. Whiddem, M.P., Brandon, Man.; Prof. Iya E. Martin, Royal Military College, Kingston, Ont.; Prof. W. H. Alexander, University of Alberta, Edmonton, Alta.; Dr. G. W. Parmalee, Deputy Minister of Education, Quebec; R. W. Craig, K.C., President, Winnipeg Canadian Club and Chairman Winnipeg School Board; Dr. John MacKay, Westminster Hall, Vancouver, B.C.; R. L. Torrance, Manager Royal Bank, Guelph, Ont.; W. A. Buchanan, M.P., Lethbridge, Alta.; W. McL. Davidson, M.F.P., Editor, Calgary Albertan, Calgary, Alta.; W. G. Raymond, Esq., Post Master, Brantford, Ont.; Prof. C. B. Sissons, Victoria University, Toronto, Ont.; W. J. Sloley, Principal Strathcona School, Winnipeg.

Delegates to the Conference should make their hotel reservations immediately.

The following committees are at your services: Reception, Entertainment, Transportation, Hotel Accommodation.

Note and Comment

To Our Readers:-

Friends,

With this issue of the "News" the new Editor makes his bow to the readers and friends of the paper. We extend the hand of friendship and co-operation, and trust that our relations may be mutually pleasant and profitable.

We arrived on Friday last on the Very Limited Express, from Luseland, Sask., and owing to the time necessarily taken in unpacking and getting settled, this issue of the paper is hardly a credit: However, by next week we hope to be better acquainted and the local items better written.

It is the ambition of ye ed. to publish a paper— a real newspaper that will be a credit to Monitor and its beautiful tributary districts. In this enterprise we ask your hearty co-operation. Help us to help you by advising us of the local happenings. Use these columns for discussion and articles. By so doing Monitor will eventually assume her own position on the escutcheons of the Province and the Dominion---the top.

Remember, too, that the ed- is just as human as you are and therefore just as liable to make mistakes [we have to eat, too,] so don't be too harsh in your criticism of our efforts. Our aim is to please, but it's a whale of a job to please everyone.

Sincerely Yours,
H. A. WARNER

DOMINION LANDS

Increase in Rate of Interest

PUBLIC NOTICE is hereby given that in accordance with the provisions of an Act to amend the Dominion Lands Act, passed at the last Session of Parliament, and commencing from the 7th July, 1919, where interest is chargeable, the rate of such interest on all new transactions in connection with Dominion Lands shall be six per centum per annum; also that from the 1st of September, 1919, the rate on all overdue instalments in connection with both past and future transactions will be increased to seven per centum per annum.

By order,
L. PEREIRA,
Secretary.

Throbbing Headache Made to Disappear Over Night

Follow This Advice and You'll Get Relief Mighty Quick

Headaches are caused by the accumulation of poisons in the blood.

The cure is not difficult.

First, cleanse the entire intestinal tract.

Second, stimulate the action of the kidneys and liver.

Third, keep the pores of the skin open.

Lastly, regulate the bowels and avoid constipation as you would the plague.

The remedy is Dr. Hamilton's Pills, which cure the dizziest headache ever known.

In fact, people who use Dr. Hamilton's Pills never have headaches, because they regulate the system so thoroughly that no chance is given for a sick condition to develop.

Away with your headaches, be done with dizziness, languor and biliousness — use Dr. Hamilton's Pills, and enjoy the health that they alone can bring. Contain nothing but vegetable extracts and juices, and are absolutely safe for children, women or men. Get the genuine Dr. Hamilton's Pills in yellow boxes. 25c each.

Silos For Our West

Will Benefit Not Only the Farmer, But the Whole Community

Action is many times brought about through emergency. Dry weather in many parts of the west this year has caused, especially among straight grain farmers, a loss of expected profits with the result that those farmers are looking for a preventive of a recurrence of this condition another year.

There seem to be only two plans of procedure for the farmer: The first to continue sowing grain alone and trusting to Providence for a good season. The second, not that he should not trust to Providence, but from the other phase, "The Lord helps those who help themselves," to change the methods of farming by not carrying "all the eggs in one basket."

This brings up the question of stock raising and mixed farming, so that if one crop fails there is something else to fall back on. The paramount item in raising stock is feed during the winter months. Arguing, therefore, that there is money in stock, if the question of feed can be settled, it is naturally of interest to every farmer to get information in regard to modern feed producing methods.

The great importance of the silo to the farmer is that he can generally produce a large tonnage of feed per acre and preserve it green in a convenient manner for feeding and be able to finish his cattle in relatively large numbers from a small acreage.

Grown cattle will consume only from 40 to 50 pounds of ensilage daily in connection with a feed of oat straw or hay, and when this is figured with a 10 or 12-ton yield per acre in comparison with the increased yield per acre where the crop is put into ensilage the arguments in favor of the silo sand out clear and definite.

It is predicted that the time is not far distant when every western farmer, whether he has a straight grain farm or not, will build silos not only for his own protection in dry years, but to increase the production of his farm.

Until recent years corn has been regarded as the only crop from which ensilage could be made, but experimentation in Western Canada has demonstrated the fact that other crops produce silage of equal value.

Peas and oats sown together or separately and mixed make a desirable crop for the silo, and reports from some of the experimental farms show that they have an even greater food value, especially for milch cows. Alfalfa, sweet clover, sunflowers, and even weeds make good feed if cut at the proper time.

The value of ensilage to the western farmer is that he can fill his silo during the the wet days of harvest when his help cannot work in the wheat fields and the silo crop can be sown, whether it be corn, oats, alfalfa, peas or weeds, on ground which otherwise would be idle in summer-fallow, so that not an acre on the western farm need be idle a single season and the added return to the farmer cannot be estimated.

The manner of filling the silo is simple, and no added equipment is needed except a cutting box, which will only cost a small amount, as most farmers have an engine or tractor with a pulley for turning the cutter.

The silage should be cut green, just before or during harvest with a binder, and drawn to the cutter immediately, run through and elevated into the silo. With the ordinary sized silo it only requires three men to cut and pack the silo. Nothing needs doing to the silo after it is filled until feeding starts. The size of the silo depends entirely upon the size of the herd. In feeding a thin layer of about three or four inches should be removed daily after feeding starts. It can be fed up clean without any waste and stock will thrive just the same as they do in the summer time with plenty of green grass.

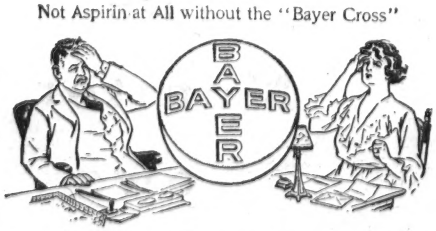
The building of silos in the west will benefit not only the western farmer, but the whole community. The western farmer will put more money in circulation by the added earning power of the land and increased production in Western Canada; land values will be enhanced, and a fact not to be lost sight of by the farmer is the added fertility of his soil from the fertilizer produced from his stock, which means better grain crops, bumper years as well as lean years.

Daylight Saving Ending October 26

New York.—Daylight saving time will come to an end at 2 a.m. on the last Sunday of October, the clocks being turned back one hour at that time. As summer time was adopted by the Canadian railways and many Canadian cities and towns to conform with the United States time, it is presumed that the majority of the Canadian municipalities will also go back to sun time on the last Sunday of October.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"



For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all.

Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nineteen years. Now made in Canada.

Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Minimum Prices For 1919 Wheat

Wheat Crop Will Be Sold Through the Canadian Wheat Board

This season's wheat crop of Canada will be sold through a board, called the Canadian Wheat Board. This Board, which has been appointed by the Dominion Government, has been instructed to buy all the wheat in the terminal markets and resell it both in Canada and abroad. An advance is to be made to the farmer of the following minimum prices for his wheat on delivery. These prices are based on prices of grain in store in Fort William or Port Arthur, and the difference between these and any higher prices that may subsequently be obtained will be remitted to the farmer when the wheat is sold, as explained below.

No. 1 Hard	$2.15
No. 1 Northern	2.15
No. 2 Northern	2.12
No. 3 Northern	2.08
No. 1 Alberta Red Winter	2.15
No. 2 Alberta Red Winter	2.12
No. 3 Alberta Red Winter	2.08
Rej. No. 1 Northern	2.04
Rej. No. 2 Northern	2.01
Rej. No. 3 Northern	1.96
Smutty No. 1 Northern	2.06
Smutty No. 2 Northern	2.03
Smutty No. 3 Northern	1.99
Special No. 4	2.02
Special No. 5	1.91
Special No. 6	1.81

Prices on other grades are to be announced later.

Sellers of grain will receive a "participation certificate" showing number of bushels of wheat sold. This certificate will be registered with the Wheat Board by the grain firm issuing it, and after registration they will deliver it to the original shipper of the grain. This certificate will then entitle the holder to whatever surplus the Wheat Board distributes, in accordance with the number of bushels shown.

Alberta Comes Back

Climate and Soil Unite in This Province to Work Miracles

Crop reports covering an area of Alberta territory extensive enough to make them a fair average of the whole province indicate just what old-timers prophesied some weeks before the first fall rains came. Once again Alberta soil has proven itself the finest in the world for a speedy recovery from bad conditions, and the farmers of the province as a whole will not be called upon to suffer in anything like the degree earlier estimates suggested.

No one likes the prospect of a dry year in this grain-growing part of the Dominion. Drought is a condition that gets on the nerves of the people and tests to the limit their faith and enthusiasm. But when the long-continued drought breaks and crops that till then did not look worth considering even for feed purposes, start a growth that puts them in the binder class before frost can attack them, the grand and glorious feeling that comes is more than a recompense for the weeks of nerve testing.

The come-back of agricultural Alberta in the season of 1919 will long stand as one of the finest advertisements this province can have among land seekers everywhere. It is doubtful if any other soil on the continent of America could equal the performance of Alberta dry land this year. Climate and soil unite in this favored province to work miracles and produce satisfying results under most unfavorable conditions. And when conditions happen to be favorable, which they are in the majority of seasons, the results are certain to be more than bountiful.

more than bountiful.—Calgary Herald.

Holding Germany Responsible

Paris.—The supreme council has agreed to send a note to Germany saying the peace conference disregards the representations that Gen. von der Goltz and the German troops in the Baltic states are not under German control, and holding Germany responsible for the withdrawal of those forces.

Marshal Foch attended the council as adviser on the Baltic situation.

For Table Use and All Cooking Purposes

Everybody's happy when there is Corn Syrup on the table. Do you know that there is a White Syrup as well as the delicious, golden

CROWN BRAND CORN SYRUP

Crown Brand is unequalled as a Syrup for Pancakes, Muffins, as a spread for bread, for making candy, sauces, and in cooking, generally.

LILY WHITE CORN SYRUP

Best for Preserving and Marmalade making. It is a clear white color and "jells" excellently!

Sold in 2, 5, 10 and 20 pound tins

The Canada Starch Co., Limited
Montreal 209

British Ship at Hamburg

Hamburg, Germany.—The British steamer Weimar, with a general cargo, has arrived here. This is the first British ship to enter the port of Hamburg since the outbreak of the war.

"CARRY ON"!

If Constipated, Bilious or Headachy, take "Cascarets"

Feel grand! Be efficient! Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad and your stomach sour. Why not get a small box of Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced? Cascarets never gripe, sicken or inconvenience one like Salts, Oil, Calomel or harsh pills. Cascarets bring sunshine to cloudy minds and half-sick bodies. They work while you sleep.

Russia possesses the longest canal in the world. It starts at Petrograd and goes to the frontier of China, 4,500 miles.

CHILDREN NEED HELP

Spanking doesn't cure bed-wetting —the trouble is due to weakness of the internal organs. My successful home treatment will be found helpful. Send no money but write me today for free trial treatment. My treatment is equally successful for adults, troubled with urinary difficulties.

MRS. M. SUMMERS, Box 966 Windsor, Ont.

Australia's Shipping Needs

Serious Position of Outward Goods' Traffic Has Not Shown Improvement

Melbourne, Victoria.—"More steamers, especially with insulated space," is the constant demand of Australian merchants, and the serious position of the outward goods' traffic has not shown the improvement which peace was expected to bring. For nearly two years 2,000 casks of pickled pelts have been waiting transport, and 100,000 cases of canned fruit and jams and 50,000 cases of canned meat cannot be shipped. Six thousand tons of tallow and edible fats, and 250 tons of powdered milk are among the accumulated exports in Australian sheds and on Australian wharves.

Let a woman have her will, and she'll give herself away.

Old Age Deferred

BY DR. LEE H. SMITH.

Business men who must speed up the works and make business boom during these days—after the war—must recognize the necessity of keeping fit. When mind is befogged, when you have dull headaches or feel logy, when not "up to snuff," keep the bowels free with a mild laxative. In the morning take a tepid sponge bath (cold water may be used if it does not chill), follow with a brisk rub down; a sufficient "setting up" exercise in good air until you are in a warm glow. Have you tried it lately?

Don't let the poisons accumulate in the intestines either, but try a dose of castor oil the first thing on arising, or a pleasant laxative occasionally, such as one made up of May-apple, aloin and jalap, rolled into a tiny sugar-coated pill, and sold in every drug store as Dr. Pierce's Pleasant Pellets. Then a cup of hot water before breakfast, and you'll feel better than a king! If you continue in life thus, you can pass a Life Insurance examination at sixty.

If you wish to prevent old age coming on too soon, or if you want to increase your chances for a long life, you should drink plenty of soft (rain) or distilled water daily between meals. Then procure at the drug store Dr. Pierce's Anuric (anti-uric-acid). This "Anuric" drives the uric acid out and relieves backache and rheumatism, as well as kidney trouble. Anuric dissolves uric acid as hot tea dissolves sugar.

Land Settlement For War Veterans

Ottawa.—At the opening of the session of the special committee of the House on soldiers' civil re-establishment, the telegram from the United Veterans' League, formerly the Gratuity League, demanding representation before the commission, came up.

The Imperial veterans of Vancouver had also asked that a representative be heard, and it was proposed to hear their delegates this week.

Brig.-Gen. McLean suggested that the secretary of the Imperial veterans at Winnipeg be asked that a delegate be appointed and notify the Vancouver branch what had been done, and asking if that was satisfactory. This was finally put in the form of a motion and carried.

Commandant J. G. Evans, of the Army and Navy Veterans, Kingston, requested that his organization be given a hearing by the committee. It was decided to get in touch with W. J. Tupper, Dominion president of the Army and Navy Veterans, asking that he take any action necessary toward appointing a delegate representing the whole organization.

S. Maber, secretary of the Soldiers' Settlement Board, was recalled and questioned regarding costs of administration and the advances made to soldiers. By the end of this year it was expected the total outlay for the department would be $48,600,000 for loans and administration. The estimate of $150,000,000 for fifty thousand soldiers who were expected to take loans, did not take into account the settlement of British ex-service men. Many enquiries from this class of men were being received.

About two-thirds of the 4,128 soldiers taking up grants, exercised their rights to take up homesteads. It has been the policy of the board to try and settle men near railroads. In that case there were few homesteads available for entry.

In reply to Mr. MacNeil, Mr. Maber said there were no figures available of the number of men disqualified because of inability to provide the necessary 10 per cent. cash payment. It would be difficult to secure any figures.

The matter of settling imperial soldiers, ex-service men, on the land was receiving serious consideration, said Mr. Maber. It was felt that it would be about all the load the board could handle in placing Canada's soldiers, he said.

Mr. McNeil asked if there was not a considerable amount of land available in unimproved land, now held under reserve.

Major Ashton answered that some sixty thousand acres of Indian reserve land would soon be made available for sale to the soldiers. Several townships of forest reserves had also been freed and several other townships were under investigation. These lands go to the soldiers free of purchase. Certain grazing leases are being investigated.

No grazing lease lands had yet been released for soldier settlement.

CURED HIS RHEUMATISM!

"I am eighty-three years old and I doctored for rheumatism ever since I came out of the army, over 50 years ago. Like many others, I spent money freely for so-called 'cures' and I have read about 'Uric Acid' until I could almost taste it. I could not sleep nights or walk without pain; my hands were so sore and stiff I could not hold a pen. But now I am again in active business and can walk with ease or write all day with comfort. Friends are surprised at the change." You might just as well attempt to put out a fire with oil as try to get rid of your rheumatism, neuritis and like complaints by taking treatment supposed to drive Uric Acid out of your blood and body. It took Mr. Ashelman fifty years to find out the truth. He learned how to get rid of the true cause of his rheumatism, other disorders and recover his strength from "The Inner Mysteries," now being distributed free by an authority who devoted over twenty years to the scientific study of this trouble. If any reader of this paper wishes "The Inner Mysteries of Rheumatism" overlooked by doctors and scientists for centuries past, simply send a post card or letter to H. F. Clearwater, 615-A Street, Halloweil, Maine. Send now—don't you forget! If not a sufferer yourself, cut out this notice and hand this good news and opportunity to some afflicted friend. All who send will receive it by return mail without any charge whatever.

Big Problem For D'Annunzio

Increase In Number of Men Brought About Question of Maintenance

Trieste.—Additional reinforcements to Gabriele D'Annunzio's forces have raised the military strength of his contingent to more than 12,000 men, according to the estimates of allied officers returning from Fiume.

The great increase in the number of D'Annunzio's men has brought about the serious question of their maintenance, in view of the blockade of the port, and D'Annunzio has been compelled to request other persons who have offered him their services to stay at home and hold themselves in readiness for a call.

Paris.—An Italian detachment with several armored motor cars has crossed the line of demarcation near Toguire, Dalmatia, and penetrated the town after having overcome the resistance of a dozen Jugo-Slavs, according to a dispatch from Belgrade received here.

The dispatch adds that the United States vessels have left Spala for Toguire.

Anti-Bolshevik Plot

London.—A Bolshevik wireless dispatch reports the discovery of an anti-Bolshevik plot, with ramifications throughout Russia, which led to the capture and execution of 66 men on charges of conspiracy. The plot is said to have originated in Moscow.

HER LITTLE GIRL HAD DYSENTERY

Bowels Moved as Many as 25 Times a Day

Dysentery manifests itself with varying degrees of intensity, but in well marked cases the attack is commonly preceded by some amount of diarrhoea, which gradually increases in severity, and is accompanied with griping pains in the abdomen. The discharges from the bowels succeed each other with great frequency, and the matter passed from the bowels, which at first resemble those of ordinary diarrhoea soon change their character, becoming scanty, mucuous or slimy, and subsequently mixed with, or consisting wholly of blood. Never neglect what at first appears to be a slight attack of diarrhoea or dysentery may set in.

Cure the first symptoms by the use of Dr. Fowler's Extract of Wild Strawberry.

Mrs. Jno. V. Tanton, R. R. No. 8, Watford, Ont., writes:—"My daughter was taken down, two years ago, with dysentery, and I could find no help for her until I got a bottle of Dr. Fowler's Extract of Wild Strawberry. She was only two years old, and ate something different to what she was used to. She had as many as twenty-five movements a day, and mostly blood. We had the doctor several times, but no relief came until we used 'Dr. Fowler's.' I would not be without it in the house for a good bit."

Be sure and get "Dr. Fowler's" when you ask for it. Price, 35c. a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Around The World By Plane

Aero Club of America Will Set Plans for Huge Aerial Derby

New York.—Plans have been formulated for an aerial derby around the world, for which the prizes may total $1,000,000, it was announced here by the Aero Club of America.

A special commission has been appointed to make a tour of the world to arrange stopping places, obtain referees and organize committees in every country through which the racers will pass.

Dirigibles may be used by the competitors for a part or all of the trip.

General A. Ross Sworn In

Toronto, Ont.—Brig.-Gen. Arthur Ross, of Kingston, was sworn in by the Lieutenant-Governor, Sir John Hendrie, as minister in the Hearst government without portfolio.

As announced by Premier Hearst, the Soldiers' Aid Commission and the Soldiers' Settlement are to be under the administration of the new minister.

Senate Labor Probe

Labor Commission's Investigation of Nation-Wide Steel Strike

Washington.—Arrangements have been completed for the beginning of the senate labor commission's investigation of the nation-wide steel strike. Chairman Kenyon announced receipt of assurances from John Fitzpatrick, chairman of the strikers' organization committee, that he would be on hand to present labor's side of the controversy.

Senator Thomas, Democrat, Colorado, in an address on the floor of the senate, criticized the strike in bitter terms, declaring it had been called on the thinnest excuse, and that the principal object was "to disturb and bedevil industrial conditions," and that the participation of hundreds of thousands of men in strikes throughout the country becomes almost civil war.

Primary objects of the senate investigation, Senator Kenyon said, would be the setting forth before the public the real causes and objects of the strike. Fitzpatrick, as well as Chairman Gary of the United States Steel Corporation, who is said to appear Wednesday, according to Senator Kenyon's plan of procedure, first will be asked for a detailed statement and then be subject to cross-examination by all members of the committee. It is hoped to complete the enquiry and return a report to the senate within a fortnight.

Senator Kenyon holds the hope that the investigation, in its enlightenment of the public, may affect the progress of the strike. The committee intends to learn from both sides of the dispute, exactly how many men and plants are affected, how many steel employees are union men, and how many non-union, what percentage remain "loyal," what collateral unions and industries are involved, and what conditions immediately led to the strike.

No Danger From Germany

Paris.—When the Chamber of Deputies resumed discussion of the German peace treaty, Andre Tardieu refuted certain objections to the treaty made by M. Marin regarding the military forces Germany will be allowed to maintain. M. Tardieu declared the German army should be reduced, under the terms of the treaty, to a sort of gendarmerie, and asserted that France had sufficient guarantees for the execution of the military clause in the treaty.

China's Peace Decoration

Pekin.—In the mandate issued by President Hsu Shih Chang, formally declaring the state of war between China and Germany at an end, General Tucal Chi Jui, the former Premier who was responsible for China's declaration of war, was awarded a decoration. The honor accorded him is in the bestowal of the Grand Order of Merit.

Grain Act Amendment

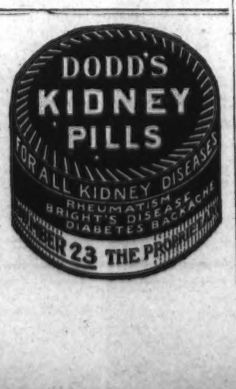
Ottawa.—Sir George Foster, Minister of Trade and Commerce, has given notice of an amendment to the Grain Act, providing that in the month of August in each year, after the crop year ending August 31, 1919, stock shall be taken of the quantity of grain in the terminal elevators.

Wants Canadian Cattle

London.—The Daily Mail, in an editorial urging greater food production, says that the importation of cattle from Canada should be permitted.

Have Large Membership

There are 114 branches of the Great War Veterans' Association in Sask., with a total membership of 17,000.



May Avert Strike On British Railways

Salvaging Old Bullion

Difficulties of Getting Up Bars of Specie Are Immense

Londonderry.—A good many exaggerated estimates have been put into circulation regarding the success of the bullion salvaging operations in connection with the steamship Laurentic, which lies a few miles off the entrance to Lough Swilly. The facts are that of the $35,000,000 worth of specie which the liner was carrying to America when mined in January, 1917, probably less than $2,500,000 has been recovered. Of this about $1,250,000 was salved a year ago, when operations had to be suspended owing to German submarine activities.

It is not so much the actual hooking up of the bars of gold that is difficult, as the dealing with the hundreds of tons of metal plates of the wreck. These have to be blown up with gelignite and shifted before the bullion can be reached. Each bar is worth about $6,000, and the recovery of two bars is reckoned a fair day's work. When a sufficient consignmen has been got together it is sent in charge of a naval paymaster under a strong escort to London, and at various points on the journey the officer is met by government officials, to whom he reports "all safe."

League Can Exist Without U.S.

Paris.—In an explanation to the Chamber of Deputies, Premier Clemenceau, after declaring that the League of Nations could exist even though rejected by the United States senate, asserted that it was precisely because the French felt that the League of Nations was an insufficient guarantee for some years to come that the protective treaty of alliance between France, Great Britain and the United States was drawn up.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from little stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California."

For A New Palestine

Proposal For a Union of Palestine, Syria and Mesopotamia

London.—Habibi Lotfallah, chief European representative of the Syrian union committee, informed the Associated Press that Prince Feisal, son of the King of the Hedjaz, has tentatively accepted a proposal drawn by the committee for a union of Palestine, Syria and Mesopotamia. Prince Feisal's acceptance, he said, was given on condition that the British Government approved the plan. The proposal already has been laid before the Government, he added, which is considering it.

The scheme provides for the appointment over the united nations of a governor-general to be selected by Great Britain, France and Syria the executive bodies, a chamber and senate representing three different states on a democratic basis, and the drafting of a constitution.

London.—By a curious coincidence on the day Sir Eric Geddes has formally taken up his new duties as Minister of Transport, the Government was confronted by an ultimatum threatening stoppage of the whole railroad system of the country, unless a basis for the standardization of the men's wages, which has been in dispute since the month of March, is settled to the men's satisfaction. When it is remembered how fierce was the opposition the Transport Bill, which created the new ministry, met in its passage through parliament, the coincidence is perhaps not without significance.

The suddenness of the action of the National Union of Railwaymen is the more inexplicable as, by an agreement, the war wages of the workers would operate until the end of the year, allowing still three months for further negotiations.

It is recalled that the Glasgow congress avoided a straight vote on direct action, and the Miners' Federation is at present engaged in a great campaign to secure nationalization of the mines, which the Government has so far refused. The question is being asked by the public whether there is some political motive behind the railwaymen's ultimatum.

The cabinet sat for three hours considering the crisis, after which it is authoritatively announced that the Government had intimated its willingness to continue the negotiations on the ground that "some misunderstanding" existed.

Sir Eric Geddes consented to meet the men's leaders, and the possibility of avoiding a strike, therefore, looks more hopeful.

Good Crops In Dry Districts

Late Flax Proving Most Profitable Crop in Swift Current District

Swift Current, Sask.—No frost has yet appeared in this district, the year having established a record in this regard. As a consequence many farmers have started cutting fields of flax that promise excellent yields in many instances. Fortunately, taking the district as a whole, there is a large amount of late flax, and it now seems assured that most of it will be successfully harvested. One farmer in the vicinity who counted on no crop is realizing over $4,000 from his flax, besides having a goodly amount of feed from late oats.

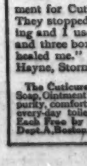
Fire in New Parliament Buildings

Ottawa.—The new parliament buildings were the scene of a fire, and but for the fireproof construction a conflagration such as that of February, 1916, might have ensued. The blaze occurred in an inside room in the basement among some boxes, and the firemen had to drag their hose through corridors, etc., in order to reach the fire. The damage to property was about $2,000, but whether the dense smoke which resulted will injure any of the new painting or plaster is problematical.

PIMPLES ITCHED AND BURNED

Face Was Badly Disfigured. Cuticura Soap and Ointment Healed.

"Small red pimples and blackheads began on my face, and my face was badly disfigured. Some of the pimples festered while others scaled over and there were places where the pimples were in blotches. They used to itch and burn terribly.



"I saw an advertisement for Cuticura and I tried them. They stopped the itching and burning and I used four cakes of Soap and three boxes of Ointment which healed me." (Signed) Miss V. A. Hayne, Stormont, N. S., Dec. 26, '18.

The Cuticura Toilet Trio, consisting of Soap, Ointment and Talcum, promotes pure, pure, comfort and health when used for everyday toilet purposes. Free Sample Each Free by Mail, address: "Cuticura, Dept. A, Boston, U.S.A." Sold everywhere.

WE ARE HUNTING

For some real live Merchants to avail themselves of the opportunity to place their goods before the public through the medium of our advertising columns.

The advertisers who put their goods before the public and *keep them there* are the ones who sell their goods.

Merchants often have a cause to exclaim "I could have duplicated that order sent to --- mail order house at a saving to the consumer" Why not tell them *before the order is sent away ? ?* That's the business of it.

A stranger, picking up a copy of the "News" should be able to tell just what business is represented in Monitor. If he cannot, it is not our fault. White space is our stock-in-trade.

Insert an advertisment, written convincingly, telling the public what you have for sale and you will be gratified with results.

A paper, representing EVERY BUSINESS in the town, is the town's best advertiser. Boost your town ---it's sure worth it.

Oh it's easy enough to be happy
When life goes by with a song,
But the man worth while--is the man who can smile,
When everything goes wrong.

The saving in the Soup Tureen

Bovril makes soups and stews so much more nourishing that they can often take the place of expensive joints. It saves many dollars in the kitchen. Bovril is the concentrated goodness of the best beef—so strong that it cannot possibly be manufactured in cheap cubes. Insist upon the real thing—Bovril in the Bovril bottle.

B.B.5

BEECHAM'S PILLS

Constipation is the arch-enemy of health. Conquer this enemy and you rout a whole army of physical foes, including indigestion, biliousness, sick headache, sleeplessness and nervous dyspepsia. Beecham's Pills have been a world-favorite laxative for over sixty years. They go straight to the cause of many ills and remove it. They act promptly, pleasantly and surely. Contain no habit-forming drug. These time-tested pills strengthen the stomach, stimulate the liver and

Relieve

Constipation

Worth a Guinea a Box

Prepared only by Thomas Beecham, St. Helens, Lancashire, England. Sold everywhere in Canada and U. S. America. In boxes, 25 cents.

PILES

Do not suffer another day with Itching, Bleeding, or Protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. 60c. a box; all dealers, or Edmanson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

Wouldn't Hurt 'Em

Visitor: "You keep your pigs much too near the house."

Cottager: "That's just what the doctor said. But I don't see how it's agoin't to hurt 'em!"

Impurities of the Blood Counteracted.—Impurities in the blood come from defects in the action of the liver. They are revealed by pimples and unsightly blotches on the skin. They must be treated inwardly, and for this purpose there is no more effective compound to be used than Parmelee's Vegetable Pills. They act directly on the liver, and by setting up healthy processes have a beneficial effect upon the blood, so that impurities are eliminated.

Dress is sometimes a matter of form, and form is often a matter of dress.

CHILDHOOD CONSTIPATION

Constipated children can find prompt relief through the use of Baby's Own Tablets. The Tablets are mild but thorough laxative, which never fail to regulate the bowels and stomach, thus driving out constipation and indigestion; colds and simple fevers. Concerning them Mrs. Gaspard Daigle, Demain, Que., writes: "Baby's Own Tablets have been of great benefit to my little boy, who was suffering from constipation and indigestion. They quickly relieved him, and now he is in the best of health." The Tablets are sold by medicine dealers or by mail at 25 cts. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Prohibition, observes a contemporary, has fairly taken some people's breath away.

Minard's Liniment Cures Burns, Etc.

Notwithstanding his unwieldy shape and short legs, the rhinoceros is one of the most agile of beasts. A horseman can scarcely manage to overtake him, and in strength he is perhaps unsurpassed by any animal in the forest. In single combat no animal but the elephant can stand up against him.

Some Legacy

"When Mr. Casey died he left all he had to the orphan asylum."

"Indeed! That was good of him. What did he leave?"

"His twelve children."

MURINE FOR YOUR EYES Rests, Refreshes, Soothes, Heals—Keep your Eyes Strong and Healthy. If they Tire, Smart, Itch, or Burn, if Sore, Irritated, Inflamed or Granulated, use Murine often. Safe for Infant or Adult. At all Druggists in Canada. Write for Free Eye Book. Murine Company, Chicago, U. S. A.

Storm Caused Heavy Loss

San Antonio, Texas.—From 15 to 25 are dead; 4,000 persons are homeless, and property damage amounting to $4,000,000 has been caused as a result of the tropical storm which struck Corpus Christi, a long distance message to the Express from Corpus Christi said. The city is without light and water, and food is running short. An appeal has been issued by the mayor for financial assistance.

WHEN YOU SUFFER FROM RHEUMATISM

Almost any man will tell you that Sloan's Liniment means Relief

For practically every man has used it who has suffered from rheumatic aches, soreness of muscles, stiffness of joints, the results of weather exposure.

Women, too, by the hundreds of thousands, use it for relieving neuritis, lame backs, neuralgia, sick headache. Clean, refreshing, soothing, economical, quickly effective. Say "Sloan's Liniment" to your druggist. Get it today. 35c, 70c, $1.40.—Made in Canada.

Sloan's Liniment *Keep it handy*

Complimentary

Wife (examining husband's basket of fish): "Is it true that fish go about in schools?"

Husband: "Yes, dear."

Wife: "Then I suppose you fell in agoin' to hurt 'em!"

Minard's Liniment Co., Limited.

Gents,—A customer of ours cured a very bad case of distemper in a valuable horse by the use of MINARD'S LINIMENT.

Yours truly,
VILANDIE FRERES.

No Calls for Jail Food

Butte, Montana.—In July no prisoners were fed in the city jail at Anaconda, Montana, a city of 12,000 people. Only 36 arrests were made by the city officials during the month, and no prisoners were in jail long enough to be fed. This condition contrasts strongly with the situation before Montana went dry.

A man's hair, it is estimated, turns grey five years earlier than a woman's.

American Settlers In Canada

Regina, Sask.—Good prices are being paid by American settlers for farm lands in the vicinity of Regina, and a considerable amount of land is changing hands just now. Two farmers from Iowa have just purchased two sections near Gray at $100 an acre, and a second price of $110 was paid for the How farm : Rouleau, on the Soo line.

Miller's Worm Powders will not only expel worms from the system, but will induce healthful conditions of the system under which worms can no longer thrive. Worms keep a child in a continual state of restlessness and pain, and there can be no comfort for the little one until the cause of suffering be removed, which can be easily done by the use of these powders, than which there is nothing more effective.

No house in London is more than two hundred yards from a mail box or a branch of the general post office.

Catarrh Cannot Be Cured

by LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE will cure catarrh. It is taken internally and acts through the Blood on the Mucous Surfaces of the System. HALL'S CATARRH MEDICINE is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in HALL'S CATARRH MEDICINE is what produces such wonderful results in catarrhal conditions.

Druggists 75c. Testimonials free.
F. J. Cheney & Co., Props., Toledo, Ohio.

The Dyaks of Borneo eat snakes and alligators, but their favorite dish is roasted monkey with the hair on.

SUFFERING CATS! GIVE THIS MAN THE GOLD MEDAL

Let folks step on your feet hereafter; wear shoes a size smaller if you like, for corns will never again send electric sparks of pain through you, according to this Cincinnati authority.

He says that a few drops of a drug called freezone, applied directly upon a tender, aching corn, instantly relieves soreness, and soon the entire corn, root and all, lifts right out.

This drug is a sticky ether compound, but dries at once and simply shrivels up the corn without inflaming or even irritating the surrounding tissue.

It is claimed that a quarter of an ounce of freezone obtained at any drug store will cost very little, but is sufficient to remove every hard or soft corn or callus from one's feet. Cut this out, especially if you are a woman reader who wears high heels.

Howell: "Your wife is a decided blonde, isn't she?"

Powell: "Well, at times, but just before she goes to the drug store she is a little undecided."

Eighty-five per cent. of lame people are affected on the left side.

THE MAKING OF A FAMOUS MEDICINE

How Lydia E. Pinkham's Vegetable Compound Is Prepared For Woman's Use.

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attends the making of this great medicine for woman's ills.

Over 350,000 pounds of various herbs are used anually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

The most successful solvents are used to extract the medicinal properties from these herbs.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtue.

First German Cargo Arrives

Former Hamburg-American-Atlas Liner at New York

New York.—The 1,500-ton steamer Jason, formerly the Virginia, of the Hamburg-American-Atlas line, has arrived here bringing the first cargo from Germany since the war ended. The ship left Hamburg, Germany, September 5, in charge of Captain W. H. Bevans.

Bevans said he took a cargo of meat to Germany and brought back 350 tons of sugar beet seed, plate glass, artificial flowers and beaded handbags.

The port of Hamburg is practically stripped of shipping, Bevans said. He saw only six steamers in the harbor there, and said three more were being constructed, including the Bismarck, which will be the largest vessel afloat. Food is plentiful in Hamburg, he asserted.

One ton of water may be colored by a single grain of indigo.

A SAD TRAGEDY

It often happens—your sore corn is stepped on. Why not use "Putnam's Corn Extractor." It cures in one day. Absolutely no pain with "Putnam's." Use no other, 25c at all dealers.

One thousand six hundred wagon loads of mud and dirt are removed daily from the streets of London.

Its Virtue Cannot Be Described.—No one can explain the subtle power that Dr. Thomas' Eclectric Oil possesses. The originator was himself surprised by the wonderful qualities that his compound possessed. That he was the benefactor of humanity is shown by the myriads that rise in praise of this wonderful Oil. So familiar is everyone with it that it is prized as a household medicine everywhere.

Nearly everybody smokes in Japan. The girls begin when they are ten years of age, and the boys a year earlier.

Minard's Liniment for sale everywhere.

The favorite word with a woman is the last one.

Asthma Overcome.—The triumph over asthma has assuredly come. Dr. J. D. Kellogg's Asthma Remedy has proved the most positive blessing the victim of asthmatic attacks has ever known. Letters received from thousands who have tried it form a testimonial which leaves no room for doubt that here is a real remedy. Get it today from your dealer.

A Bedouin marriage does not take much time. The bridegroom kills a sheep and spills the blood on the sand of his father-in-law's threshold, and the wedding is over.

General Local News of The Town and District

Readers Can Make This Column More Interesting By Informing The Editor of Events Occurring Hereabouts

Wait for the Chautauqua on October 21, 22 and 23, and buy a season ticket.

H. McCarron returned from St. Paul last Monday.

Geo. Earl arrived from Le Goff for a short visit last Saturday.

Mr. and Mrs. W. M. Gehrke came down from Stettler last week and spent a few days in town.

R. P. Thompson, our genial bank manager, has moved into the Bell house on the east side of town.

Mrs. Clegg, of Dillon, Mont., is visiting friends and relatives in this district for a couple of weeks. Mrs. Clegg is a daughter of J. R. Wilson.

Mr. and Mrs. H. A. Warner and family, and Miss Agnes Steel [Mrs. Warner's sister] arrived in town last Friday and have taken up their residence in the house formerly occupied by W. S. McCulloch.

L. E. Larder returned home on Saturday, from Delia, Alta., at which point he was in charge of the Kennedy Drug store during the absence of G. E. Kennedy. Doc. says things are booming down that way, and that crops are very good.

Milo Melvin came down from Stettler, on Tuesday and is spending a week at home with his parents.

Lost-by a local man, a fountain pen and cheque book used for getting subscriptions towards getting quarts.

A number of our local sports must have read the item about Adelina Patti judging by the er singing [?] indulged in after a visit to Consort or Coronation. We presume they visit these points for vocal instruction!!

E. Dibble left on Tuesday for Castor, where he will work during the threshing season.

Bob Bowers laid a complaint against F. Evanoff for illegally collecting damages on a bunch of impounded horses. After hearing the evidence, P. Moth Esq., J. P. ordered the refund of the money to Bowers, as there was no fence around Evanoff's crop, therefore no claim could be allowed for the trespass of the horses.

Telephone service has now been completed between Monitor and Kirriemuir, Compeer and Altario. The lines have all been tested and are ready for use.

The Ladies Aid will meet in the parsonage on Wednesday afternoon next.

Mrs. Alex Foster and Della returned on Wednesday from B. C., after spending several months in that province.

We have Victory — but it is not paid for yet.
